AUTOBOX® ABX-2L

AUTOMATED HEAT EXCHANGER SYSTEM

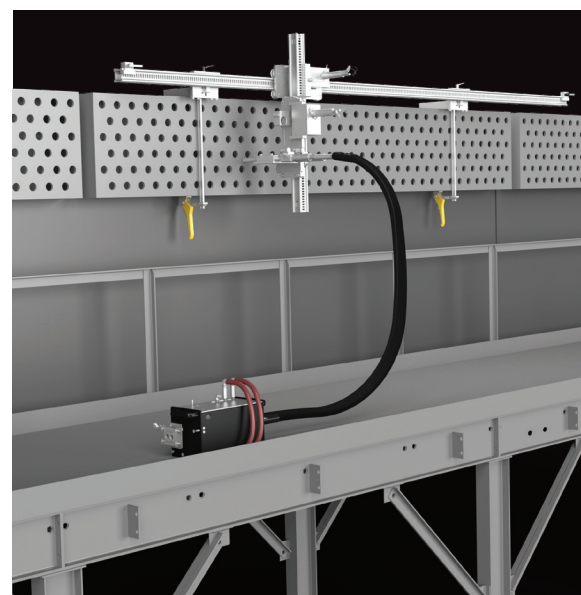

When paired with StoneAge Banshee rotary tube cleaning nozzles and the new lightweight positioner, the AutoBox ABX-2L is a turn-key solution for safe and efficient tube cleaning in the harshest environments.

UPGRADES:

- Now designed to accommodate hose sizes from 3–8mm
- New Fin-Fan attachment is also available to adapt the ABX-2L to clean Fin-Fan exchangers
- Now uses the same control box as the ABX-500 making it easier for contractors to manage and maintain their fleet of Autobox equipment

SPECIFICATIONS

MAX FEED RATE	3.0 ft/s (86 cm/s)
PITCH ADJUSTMENT	0.625–2.5 in. (15.9–63.5 mm)
HOSE SIZES	3/2–6/4
WEIGHT	42 lbs (19 kg)

NEW FIN-FAN ATTACHMENT

Allows the ABX-2L to be operated in confined walkways to access Fin-Fan exchangers. Adjustable pitch. Customized lengths available.
