

## WGP-1 CLASSIC

## Maximum Pulling Power

Our **WGP-1** is designed to produce up to 40% more pulling power\* than our **WG-1**. The rear facing jets are angled more sharply and the centralizer fins have been streamlined. The result is more pulling power to navigate longer lines and moderate inclines, plus makes retrieval of the tool easier.

WGP-1

Up to 5k psi (350 bar)

50-80 gpm Flows (190-300 l/min)

8"-36" Lines (152-457 mm) Up to 40% More Thrust\*
